# REQUIREMENTS

The growth of the work of the Clayton Hospital makes it necessary to consider the enlargement of the Institution. The following are some of the most urgent needs at the present time. An earnest appeal is made for funds to enable the Board of Governors to proceed with these essential improvements.

- (1) A Pathological Laboratory and Equipment.
- (2) Enlargement of the Kitchen.
- (3) Additional X-Ray Apparatus.
- (4) Additional Apparatus for Massage and Electrical Department.

# REPORT.

THE Board of Governors has pleasure in presenting the Annual Report and Statements of Account for the year ended 31st December, 1928.

The statistics for the year together with the corresponding figures for the previous year are as follows:—

### IN-PATIENTS.

	1927	1928
Number of Patients Treated	1998	2027
Daily average number of Patients	107.8	106.2
Average length of stay (in days)	20.7	20.2

Average cost of each Out-Patien	t 0	4	$7\frac{1}{2}$	0	5	2	

WAR MEMORIAL NURSES' HOME

From the foregoing it will be seen that the work of the Hospital again shews an increase. The number of In-Patients treated is easily a record, and until increased accommodation is provided, it is improbable that more patients can possibly be admitted in a year. The facilities for the treatment of Out-Patients are now admirable and a still greater number can be dealt with. Further statistics relating to both In-and Out-Patients will be found later in the Report.

Turning to the financial position of the Hospital it Finance will be seen that in spite of the utmost care on behalf of the Committees concerned, there has been an increase in the ordinary expenditure of £536 3s. 4d. This increase is only to be expected in view of the greater cost involved in the maintenance of the Canning Childs Out-Patient Department, which has only been open during the past four months, and the other new departments which have been opened in recent years. The increase in expenditure is a matter for very serious consideration and calls for additional efforts to raise funds, from all sections of the community. The income of the Hospital shews a very slight increase This is entirely due to the much larger amount £96 2s. 1d. paid over by the Workpeople's Hospital Fund Committee, and to increased Annual Subscriptions. There has been a serious falling off in donations and in the payments by Approved Societies. The fact that the August Bank Holiday Gala was spoilt by the bad weather meant a loss in income of about £300. Under the circumstances, the Board feel very grateful for the help they have received from the many efforts in aid of the Hospital. They wish to place on record their deep feeling of gratitude to all those who have organised efforts in aid of the Hospital, and of their appreciation of the help received.

The outstanding feature of the year's work has been Canning Childs the opening of the Canning Childs Out Patients Depart-Department

ment. This new and beautiful building was opened by Mr. Childs himself in July. Mr. Childs, who was accompanied by his wife, was on a visit to this country and much against his wish, consented to perform the opening ceremony. The day will always be a memorable one in the history of the Hospital. Mr. Childs in a charming and characteristic speech, expressed his satisfaction with the building and equipment. The new building is indeed a magnificent gift and will be the means of providing for the treatment of many thousands of patients.

New Wards.

A further striking example of Mr. Childs' generosity and his interest in the City, has to be especially noted in this report. The need for an extension of the In-Patient accommodation has long been known, and this need had become acute. The Board felt that owing to the depression in industry, the time was hardly opportune to make an appeal for funds and they were deeply concerned as to the way in which the necessary money could be raised. To their profound relief, Mr. Canning Childs intimated that he would be prepared to defray the whole cost of the extension. It is impossible to express the feeling of thankfulness and gratitude for this further wonderful proof of Mr. Childs' generosity. The new building is to known as the "Ann Canning Hospital for Women." The plans have been prepared and building operations will commence early in the New Year. The name of Childs will be forever linked with the Clayton Hospital and his generosity will stand for all time.

The new building is to be erected at right angles to the new Out-Patients Department. It will be two storeys high, and contain accommodation for forty patients in the large wards, and also separate wards for eight private patients. It will also contain an operation theatre and the usual offices and sanitary annexes. It is to be built to the designs of Messrs. Massie & Holdsworth, Architects, of Wakefield.

The addition to the Hospital of nearly fifty beds will Improvements mean that considerable enlargements will have to be made in other departments. The Board are at present considering plans for the extension of the X-Ray and Electrical Departments and for an enlargement of the Kitchen. During the year, the Laundry has been brought up to date, new machinery has been installed, the old steam engine has been scrapped and the machinery is now electrically driven. This improvement has cost about £400 but the result has been well worth the money. Other alterations and improvements carried out during the year have been the purchase of a supply of new lockers and ward screens. The addition of two more Mercury Vapour Lamps to the Ultra Violet Ray Department, a new Diathermy Apparatus, an additional Boyles Anæsthetic Apparatus, (the gift of Mr. J. H. Greaves) and an Albees Electric Bone Drill for the Orthopædic Department.

During the year, the Board have made arrangements Radium with the Radium Institute to loan supplies of Radium for This arrangement has worked very use in Cancer cases. well, but it would be a source of considerable satisfaction to the Board if the Hospital was in possession of its own Radium supply. Lack of funds prevents them from purchasing a supply, but they appeal for help in this direction. A sum of £2,000 would enable them to purchase a supply of Radium which would meet the present needs.

The Board wish to once again place on record their Honorary Staff appreciation of, and grateful thanks to, the members of the Honorary Staff. The number of patients treated speaks volumes for their work. Some changes have taken place. Dr. Thomas Smith the Senior Physician retired in September and was made a Consulting Physician. Dr. J. B. Lyle and Dr. Sowray Greaves were promoted to the Senior Staff and Dr. T. E. Lister has been appointed to the Senior Staff on the Surgical side. Mr. W. S. Harris, L.D.S., has been appointed an Honorary Dental Surgeon.

Board of Governors Some changes have taken place in the membership of he Board of Governors. To fill vacancies which had arisen in the previous year, the following gentlemen have been elected

- 1. Mr. A. W. Archer (South Kirkby, Hemsworth & Featherstone Collieries).
- 2. Mr. J. H. Fisher, Normanton Hospital Committee.
- 3. Rev, H. L. Gwyer, Vicar of St. John's Church, Wake-field.
- 4. Mr. C. W. Parker, Chairman, Workpeople's Hospital Fund.
- 5. Mr. R. Reid, Horbury.
- 6. Mr. A. Smallwood, Wakefield.

There have been no changes in membership of the Ladies Visiting Committee. The members of this Committee have continued their good work and the Board extend to them their thanks.

Ladies' Linen League The Ladies Linen League has again had a most successful year. The assistance which the League renders to the Hospital cannot be reckoned only in the value of the linen supplied, which amounted to over £200, but the enthusiasm of the members is a great asset to the Hospital. At the Annual Meeting held in October, the Hon. Secretary, Mrs. F. W. Lofthouse, was presented with a Writing Bureau by the Committee as an expression of the esteem in which she is held.

Staff

The Board would like to place on record their appreciation of the work of the members of the Administra tive and Nursing Staffs. Without a competent staff the work which is continually growing could not be carried on in the present highly efficient manner. The work of the House Surgeons has been particularly arduous and has been carried out cheerfully and well. There have been some changes. Dr. N. Robinson and Dr. S. P. Sloan left during the year and were succeeded by Dr. J. M. Paterson and Dr. A. Ruskin Oliver.

The Governors wish once again to place on record Thanks their heartfelt thanks for the help of all who have assisted in the work of the Hospital, either by gifts of money, gifts in kind or by personal service. Special mention should be made of the grants by the Wakefield Workpeople's Committee and the other local Committees (The revenue from this source constitutes the backbone of the Hospital's income)—the splendid help of the Amateur Operatic Society, and Amateur Dramatic Society—the efforts of the Motor Cycle and Light Car Club—The Wakefield Canine Society—the Re-Union Whist Club and many other friends. Without the aid of all these societies and committees, it would be impossible to carry on the work. Stili more help is needed and the Governors earnestly appeal to all who live in the city or in the district served by the Hospital, to assist them in the great work they have in hand.
